

Easter Egg Photo Scavenger Hunt

Are you ready to get out of the house and have a little Easter family fun?

This Easter activity does not require social interaction, other than your household members, utilizing the outdoors, technology, and some creative fun to help your family have a good time this Easter.

Here's how to play:

1

Create a "Family Easter Egg." You could make an egg out of paper, cardboard, wood, or anything you want. Decorate it together. **Your egg must appear in every photo for it to qualify.**

2

Travel to each location and take a photo/selfie of you and your household as instructed **with your egg.**

(If others are at a location before you, please keep at least a 10' social distance or remain in your car until they leave. But don't forget to wave!)

3

Post your photos in the 'FAC Family' Facebook group at <https://www.facebook.com/groups/624370961462318> **by Monday, April 13 at 12:00pm.**

Prizes

First Alliance Staff will diligently review your photos for the families that **completed each challenge** and that **looked like they were having the most fun!**

The **top 3** families will get **Graeter's** ice cream sundaes delivered to their house!

Easter Egg Photo Scavenger Hunt 2

Photos do not need to be taken in order.
